**Approval of Minutes:** The minutes of the August 9, 2006 PAC meeting were approved.

**Correspondence:**

None

**Public Comment:**

None

**ACTION ITEMS:** None.

**Closed Session:**

**Credentialing:** There were applications from sixteen providers with no irregularities in the application and these were recommended for approval. There were six providers with a history of malpractice claims action and/or problems with a KFHC department. This also included one application that had been deferred for more information from the provider. After review, all six of these applications were recommended for approval.

There were eight applications for recredentialing that had no irregularities and all were recommended for approval. There were five providers with a history of malpractice claims action. After individual review, four of these applications were recommended for approval. One was deferred awaiting further information from the provider.

One application for recredentialing was deferred pending the result of an enquiry concerning billing for non covered services provided to a member. After review and action

from the contracted facility, the committee recommended approval of that provider's application.

The meeting was adjourned at 7:45 AM.

Respectfully submitted,

Lon A. Graves, MD, FACOG  
Medical Director
