

PROVIDER *bulletin*

July 1, 2009

Dear Provider:

This is to inform you of a change in Medi-Cal benefits. In a letter dated June 2009, the Department of Health Care Services informed Medi-Cal beneficiaries that there will be a reduction in benefits starting July 1, 2009 for those members over the age of 21 years. Most of these services are office and specialty in nature. One item that will impact pharmacy though is the elimination of dental services. This change is located in the Welfare and Institutions Code section 14131.10.

After July 1, 2009, prescriptions written by dental providers for our Medi-Cal members over the age 21, will no longer be on the KHS Formulary.

If our member has questions they may contact: <http://www.dhcs.ca.gov> or <http://www.medi-cal.ca.gov> or may call 1-888-284-0623.

Sincerely,

Bruce Wearda, R.Ph.
Corporate Pharmacist
